For the ride on Tues.May 20th, I need to know a more exact time that you are arriving at the Esso stn. Nearer to 8:00 A.M., the better. What kind of car are you using for me to see you? Do you have a cell phone number so we can make contact? I am trying to arrange for a friend in Montreal to pick me up somewhere on the highway, so you won't have to drive into the city.
